

STEELE ENVIRONMENTAL CONSULTING, INC.

Steele Environmental Consulting, Inc. is a full-service environmental consulting firm. SEC is owned by Richard G. Steele, a Florida native. Rick is a Professional Geologist and has been involved with the environmental world since he obtained his P.G. license in 1990.

His clients range from large banks to small investors to County Governments. His work in Florida ranges from Ocala in the north to the Everglades in the south, and all points in between.

What Rick likes best about his work is that for the most part, when he is hired to do a job, it is because someone else believes in growth and the future in Florida and is willing to put his money where his mouth is.

Rick:
